

FRED® easy® and FRED® easyport® Trainer

Train yourself to save lives!

Currently more and more responders of the chain of survival equip themselves with automated external defibrillator: First aid associations, companies, swimming pools, public places and cities introduce general public defibrillation programs.

All these initiatives express a more and more important training need, that's why SCHILLER developed its range of training devices:

FRED® easy® Trainer and FRED® easyport® Trainer are training devices designed to teach users of AED's how to save lives in a realistic way.

Features:

- Operation identical to the real devices, display with instructions and vocal messages
- 9 preset scenarios
- Infrared remote control, enabling the instructor to choose and control a scenario
- Training electrodes, suitable for any mannequin
- Reusable cable

FRED® easy® Trainer

FRED® easy® Trainer is an easy-to-handle training device to teach AED users how to save lives.

2 in 1 defibrillator: fully automatic and half automatic to be able to train on all types of devices.

Specifications of FRED® easy® Trainer:

- Configurable in semi-automatic or fully automatic mode
- Working on cells or rechargeable battery

FRED® easy® Trainer

FRED® easyport® Trainer

FRED® easyport® Trainer is the world's smallest training device to teach AED users how to save lives.

Specifications of FRED® easyport® Trainer:

- Semi-automatic mode
- Power supply: 9 V battery

FRED® easyport® Trainer

SCHILLER

The Art of Diagnostics

Technical data:

FRED® easy® Trainer

Dimensions:

230 x 220 x 70 mm (l x w x h)

Weight:

< 1 kg

Power supply:

- Alkaline batteries (4x1.5 V)
- Ni-Cd battery (6 V): to be ordered separately (P/N 4-07-0010)
- Battery charger: to be ordered separately (P/N 3-55-0030)

Accessories:

Delivered with one remote control, one cable for training electrodes, 10 sets of training electrodes, alkaline batteries (4x1.5 V).

Technical data and pictures are subject to change without notice.

Technical data:

FRED® easyport® Trainer

Dimensions:

133 x 126 x 35 mm (l x w x h)

Weight:

< 300 g

Power supply:

Alkaline battery (9 V)

Accessories:

Delivered with one remote control, one cable for training electrodes, 10 sets of training electrodes, alkaline battery (9 V)

Technical data and pictures are subject to change without notice.
